WEST ST. PAUL PARKS & RECREATION ADVISORY COMMITTEE
MEETING MINUTES
6:00 PM, Tuesday, June 13, 2023
West St. Paul Council Chambers

Park & Rec. Members Present: Chair Dave Lynch, Luke Abrahamson, Sara Blair, John Cronin, Kelly Hagler, Emily Vergin, Nadine Wenzel

Non-Voting Members Present: Council Liaison Wendy Berry, Parks and Recreation Director Dave Schletty

1. **Roll Call**
2. **Citizen Comments-NA**
3. **New Business**
 - a. **Adopt May 9, 2023 Minutes**

Chair Lynch called the meeting to order at 6:00 pm. The May 9, 2023 minutes were approved by the committee.
 - b. **Field Reservation Policy- Draft**

Parks and Recreation Director Schletty reviewed the draft with the committee. The committee decided to table approving the draft until next month's meeting.
4. **Old Business**
 - a. **Park Naming Update**

After some discussion, the committee chose to remove the two least popular names (from the West St. Paul Days event input) and add two new suggested names to the list. The new list of names will be posted on social media and in pop-up events to have more citizens to votes/ and voice their opinions. The "soft" deadline for the final choice of names to submit to Council is at the end of August.
 - b. **Possible Disc Golf Course Expansion**

Lynch said that there has been discussion regarding expanding the disc golf course, especially after the removal of the buckthorn plants. Lynch met with Chuck Kennedy, a premier disc golf designer. They came up with a draft proposal for an expansion of the course. The new course would be suited for younger people with shorter throwing power. The whole course itself would still be designed for shorter holes and more casual play. The capital outlay to increase the size of the course would not be a large investment.
5. **Other**
 - a. **Council Updates**
 - i. **Explore West St. Paul Days-Clpn.** Berry said every part of the event she attended was great; she asked members to provide feedback to Dave Schletty or Sam Murphy. She asked members to thank Murphy for the event.
 - b. **Staff Updates**
 - i. **Marthaler Park Update-** Schletty reported the city is waiting for a state permit to start utility work. After the utility work, the contractor will start tree removal.
 - ii. **Former Thompson Oaks Golf site-**The trail and the bridge are completed at the former golf course site. However, there is a gap in the trail at the former Hy-Vee site that needs to be paved. Some storm sewer work must be done first. The trail near the roundabout is also under construction.
 - iii. **Park system plan-** Schletty said the plan is moving along. After the meeting, there will be a training for park "pop-up" sessions conducted by Mend Collaborative.

iv. Harmon Park Neighborhood Center-Issues- Schletty related that a renter left the front door unlocked at the Neighborhood Center on the Memorial Day weekend. Children realized the building was unlocked, and there was a [vandalism] “free for all”. Additionally, the park’s timed bathroom locking system has been malfunctioning. The city IT Department had updated the locking mechanism scheduling to exclude Harmon Park from holiday schedule changes. However, the update did not work. The city has contacted a software developer for an audit of the city’s computer system to troubleshoot these problems.

c. Environmental Committee Liaison

Vergin reported that Environmental Committee spent a lot of time at their last meeting coordinating their participation at the West St. Paul Days event. They also talked about the community garden at Heritage Middle School. A tree was planted near the splash pad in Harmon Park as part of the Arbor Day event.

d. Commissioners’ Park Updates

- i. Sports Complex-** Abrahamson visited the Sports Complex. He did make the children pick up garbage after themselves.
- ii. Emerson Park-** Lynch played pickleball at the park. He suggested installing a backboard for pickleball practice.
- iii. Explore the Doors-** Vergin mentioned a Google Map function that can add pins to the location of the fairy doors in the parks. She would share the link with committee members if there were interest.

6. Adjournment-The meeting was adjourned at 7:10 pm.

Respectfully submitted,

Sharon G. Hatfield
Administrative Specialist

CITY OF WEST ST. PAUL
FIELD AND FACILITY USE POLICY

CONTACT: West St. Paul Parks and Recreation
1616 Humboldt Ave
West St. Paul, MN 55118
651-552-4150

APPROVED:
REVISED:

City of West St. Paul

Field and Facility Use Policy

A. PURPOSE

The City of West St. Paul, hereinafter referred to as the “City”, coordinates and issues permits for the use of athletic fields and facilities owned by the City. The purpose of this policy is to establish guidelines for the allocation and management of City athletic fields and facilities.

For purposes of this policy, fields shall be defined as an athletic area where people participate in sports and shall include facilities and fields, ice rinks, and tennis and basketball courts.

The objectives to this policy include: allocating the use of the current athletic fields to support Parks and Recreation programs throughout the City and for West St. Paul residents, preserving the facilities offered by minimizing wear and tear, and preventing overuse while conserving maintenance costs.

B. FIELD USE PERMITS

The City will coordinate and allocate the use of city athletic fields and facilities for city and non-city organizations, groups, and individuals to play, practice, hold tournaments, and other sport and non-sport related events.

Field and facility use permits are issued following the City’s permit process. Permit applicants must be 18 years of age or older. A permit is issued only after an allocation request is made, all required documents and information are received, and the City has approved the request, either in-part or in its entirety. A request does not constitute an approval.

All reservations require the issuance of a permit. The use of a field or facility begins and ends at the times stated on the permit including set-up and clean-up. Any special requests or arrangements must be made as part of the permit application process. This includes special lining requests for fields. Each permit must also include an approximation of users at the facility for parking and amenity considerations.

The City reserves the right to deny, limit or revoke use permits based upon an applicant’s performance history including compliance with established rules and policies, field conditions after use, and unruly behavior of participants and guests.

Application Deadlines

Permits will be issued three times throughout the year based on the following timeline:

- Permit requests for use from December through February will be due on the first business day in November.
- Permit requests for use from March through July will be due on the first business day in February.

- Requests for tournaments at Harmon Park or the West St. Paul Sports Complex are due the first business day in December. Staff will have 21 days to respond to applications.
- Permit requests for use from August through November will be due on the first business day in June.

To balance use, the City reserves the right to allocate specific fields to specific users and to limit the number of fields allocated to any one group or user. The City does not guarantee that a priority group or user will receive the fields or times requested. The City will make every effort to work with all users in the scheduling of City fields and facilities. In certain cases, when reservation requests are received for the same or similar days and times, reservations shall not be confirmed by the City until after area meetings are held and actual team schedules are confirmed.

Reservations received after the deadline will be handled on a first-come, first-serve basis.

The City reserves the right to keep unreserved athletic fields and facilities available to the general public for open, unstructured or public recreation on a first come/first serve basis during normal operating hours.

Field request forms are available on the City's website

C. PRIORITY GROUP CLASSIFICATIONS

Due to the limited number of fields and facilities and the volume of requests, the City has established criteria for priority use.

An organization's priority group classification will be considered during the assignment of the priority for field and facility allocation. Priority use of fields will be given to traditional primary season sports and by priority group classification.

Priority use of field will be allocated as follows:

Priority #1: City of West St. Paul Sponsored or Co-Sponsored Programming, Events and Activities

This includes activities that are organized through or in connection with the City of West St. Paul Parks and Recreation Department, directly sponsored by the City, or as a cooperative program with other jurisdictions. Reservations for City sponsored activities, programs, games, practices, leagues and tournaments may be taken at any time for any date. There are no use fees charged for City reservations.

Priority #2: Public and Private Schools Located in West St. Paul

This includes schools that are located within the City of West St. Paul. An agreement must be in place that defines the City of West St. Paul's reciprocal use of the school's athletic facilities. If there is no agreement in place, the priority shall be moved to priority #4 and use fees will be assessed.

On an annual basis, public and private schools recognized in this priority category must submit the following:

- **Certification of Coaches Training and Background Check Screening Compliance.** The City requires that a recognized public or private school must submit, on an annual basis, a signed Coaches Training and Background Check Screening Compliance Certification. The Certification shall be signed by an authorized representative and must be on file with the City before the first permitted day of each year, regardless of the sport.
- **Proof of Insurance.** The City requires that a recognized public or private school must submit, on an annual basis, proof of insurance. Proof must be on file with the City before the first reservation day of each year, regardless of the sport. See Section I for insurance requirements.

Priority #3: Recognized Youth Athletic Associations

This includes Youth Athletic Associations that are recognized by the City of West St. Paul.

Recognized youth athletic associations are defined by the following characteristics:

- The association has nonprofit status under Section 501c3 or other applicable provision as defined by Internal Revenue Services (IRS) and is in good standing with the Minnesota Secretary of State.
- The association conducts sports programs that are primarily social and/or recreational in nature. The association administers and abides by an “everyone plays” philosophy and has a no cut policy.
- The association serves the athletic needs of youth in West St. Paul, is primarily West St. Paul based and provides significant benefit and service to residents of the City of West St. Paul. Upon request, the association must be able to provide team rosters to substantiate that the association (by sport) serves a majority of West St. Paul residents.
- Registration must be open to the public. The association must not discriminate on the basis of race, ethnicity, economic status, gender, sexual orientation, religion, disability, or ability. Team assignments may be determined by ability, however, the organization must have a policy for determining teams based on ability.
- The association conducts youth sports programming through volunteer coaches and board of directors selected by the membership.
- The association completes background check screenings on all coaches, assistant coaches, board members, volunteers and anyone who has contact with children. The association has a written background check screening policy.

In addition to the characteristics of an association defined herein, recognized Youth Athletic Associations must submit the following to the City, upon request:

- Documentation from the Internal Revenue Service showing tax exempt status under Section 501c3 or other applicable provision.
- Association bylaws and policies.
- A list of the Board of Directors for the association and current contact information including telephone and email address.

On an annual basis, Youth Athletic Associations recognized in this priority category must submit the following:

- **Certification of Coaches Training and Background Check Screening Compliance.** The City requires that a recognized Association must submit, on an annual basis, a signed Coaches Training and Background Check Screening Compliance Certification. The Certification shall be signed by an authorized representative and must be on file with the City before the first permitted day of each year, regardless of the sport.
- **Proof of Insurance.** The City requires that a recognized Association must submit, on an annual basis, proof of insurance. Proof must be on file with the City before the first reservation day of each year, regardless of the sport. See Section I for insurance requirements.
- **Rosters by Season.** For demographic and billing purposes, the City requires that a recognized Association submit rosters by sport. Provided information shall include sport types, team name, year, name of participant, and address including city and zip code.

The City will make every effort to accommodate all permit requests. In the event of competing requests from recognized associations in this category, the City will determine allocation of fields and facilities based on the following factors:

- The percentage of verifiable West St. Paul residents served in the permit request. The request which has the majority of West St. Paul residents confirmed will receive a higher priority.

Residency percentages will be established using rosters from the most current season. Rosters must be submitted in .xls or .csv format. Information provided must include: sport type, team name, season of sport/year, participant name, city and zip code.

- Previous experience with the City of West St. Paul.
- Date and time of permit request.

Priority #4: Recognized Community Youth Sports Clubs and Leagues

This includes sports organizations which provide athletic leagues or clubs for West St. Paul's youth and are separate from the Youth Athletic Associations. The City recognizes that

recreational play may be available through clubs and leagues and encourages organizations with recreational offerings to partner with City recognized Youth Athletic Associations for maximum field and facility accommodation.

Youth sports clubs and leagues are defined by the following characteristics:

- The organization may be for-profit or have nonprofit status under Section 501c3 or other applicable provision as defined by Internal Revenue Services (IRS) and is in good standing with the Minnesota Secretary of State.
- The organization conducts sports programs that are competitive in nature. The curriculum and programming is focused on the maximum development and exposure of players to the next level of play.
- The organization conducts youth sports programming through paid coaches, board members and/or administrative staff.
- The organization does not discriminate on the basis of race, ethnicity, background, sexual orientation, religion, disability, or ability. Team assignments may be determined by ability. There must be a policy for determining teams based on ability.
- The organization completes background check screenings on all coaches, assistant coaches, board members, volunteers and anyone who has contact with children. The association has a written background check screening policy.

In addition to the characteristics of a Youth Sport Club or League defined herein, recognized Youth Sport Clubs and Leagues must submit the following to the City, upon request:

- The organization's bylaws and policies which govern operations.
- A list of the Board of Directors for the organization and current contact information including telephone and email address.

On an annual basis, Community Youth Sports Clubs and Leagues recognized in this priority category must submit the following:

- **Certification of Coaches Training and Background Check Screening Compliance.** The City requires that a recognized Community Youth Sports Club or League must submit, on an annual basis, a signed Coaches Training and Background Check Screening Compliance Certification. The Certification shall be signed by an authorized representative and must be on file with the City before the first reservation day of each year, regardless of the sport.
- **Proof of Insurance.** The City requires that a recognized Community Youth Sports Club or League must submit, on an annual basis, proof of insurance. Proof must be on file with the City before the first reservation day of each year, regardless of the sport. See Section I for insurance requirements.

- **Rosters by Season.** For demographic and billing purposes, the City requires that a recognized Community Youth Sports Club or League submit rosters by sport. Provided information shall include sport types, team name, year, name of participant, and address including city and zip code.

In an event of competing requests from recognized organizations in the category, the City will determine allocation based on the following factors:

- The percentage of verifiable West St. Paul residents served in the permit request. The request which has the majority of West St. Paul residents confirmed will receive a higher priority.

Residency percentages will be established using rosters from the most current season. Rosters must be submitted in .xls or .csv format. Information provided must include: sport type, team name, season of sport/year, participant name, city and zip code.

- Previous experience with the City of West St. Paul.
- Date and time of permit request.

Priority #5: West St. Paul Residents Use of the Facility for Personal Use

This includes residents of West St. Paul using fields and facilities for personal use.

In an event of competing requests in the category, the City will determine allocation based on the following factors:

- Date and time of permit request.
- Previous experience with the City of West St. Paul.

Priority #6: West St. Paul-Based Businesses/Commercial Organizations

This includes business and commercial organizations that have a West St. Paul office as evidenced by their address to use the facilities.

In an event of competing requests in this category, the City will determine allocation based on the following factors:

- Data and time of the permit request.
- Previous experience with the City of West St. Paul.

Priority #7: Non-West St. Paul Organizations, Businesses, and Individuals

This includes all non-West St. Paul residents, organizations, groups, and businesses who want to use the facilities.

In an event of competing requests in this category, the City will determine allocation based on the following factors:

- Date and time of the permit request.
- Previous experience with the City of West St. Paul.

D. SPORT SEASON PRIORITY

A sport in its traditional season will be given priority consideration for field and facility use over an out-of-season sport. The following are considered traditional sport seasons:

- Spring/Summer: Baseball, Softball, T-Ball, Soccer
- Fall: Soccer, Football
- Winter: Hockey

Fields and facilities will be used for the intended sport unless otherwise authorized by the City. The City will attempt to accommodate emerging sports, when feasible.

E. FEES

The City may charge application and use fees in order to recover public costs to operate, maintain, repair, improve and administer the use of City fields. For each application submitted, an application fee shall be assessed. Field use fees shall be approved by the City Council and included in the City's Fee Schedule. Use fees are subject to change at the discretion of the City Council.

All users who receive a permit for exclusive use of a field must pay the appropriate fee per the City fee schedule. Payments can be made by cash, check or credit/debit card.

F. NON-USE OF FIELDS, FIELD EXCHANGE, OR SUBLEASE

When permits are issued, a specific field is reserved for the user, to the exclusion of others. Recognizing this exclusivity, groups should only reserve the fields intended for use.

Users may not assign their scheduled time to other groups or sublease fields under any circumstance. Any such action will result in the loss of rental/allocation privileges. A user may not "give up or exchange" their allocation or any part of it, without a written agreement between the impacted parties and City approval. Subleasing of fields without City approval will result in revocation of all permits for all parties.

Any organization that has been allocated space and subsequently determines that it cannot use it according to the permit issued shall notify the City so that the field may be reallocated or otherwise used by another group or the general public.

Blanket permitting of City field and facilities by any user group is prohibited. Users will be required to provide team schedules that indicate all allocated fields and facilities have been scheduled, when requested. The City will verify the use of reserved field and facilities. A pattern of continued non-use of a rented, permitted field will result in the revocation of the use permit and the assignment of the field or facility to another user group.

G. FIELD CLOSURE, PERMIT CANCELLATION AND REFUNDS

The City is responsible for determining if a field shall be scheduled for use or not and reserves the right to decide to periodically not schedule specific athletic fields and facilities. The City attempts to be flexible in accommodating user groups, but ultimately, the health and safety of the user and the condition and playability of a field takes priority. This may require the closure of fields or facilities, denial of use of a field or facility, and/or the assignment of alternate sites for use.

Field closures will be communicated to permit holders by the Parks and Recreation Director.

The City may cancel use of City fields/facilities for reasons including, but not limited to, any of the following reasons:

- City maintenance work involving the facility or field
- When the health or safety of participants is threatened
- Inclement weather
- Wear and tear of the field including field retirement for regrowth and rehabilitation
- Unforeseen events including fire, drought, natural disaster or vandalism
- Non-adherence to field and facility use policy, City ordinances, or use rules and regulations

Permits cancelled by the City of West St. Paul may be rescheduled as availability allows, or may be refunded in full. Permits cancelled due to non-adherence with field and facility use policy, City Ordinances, or use rules and regulations will not be refunded.

Permits cancelled by the user:

- More than 30 days in advance will receive a 100% refund (excluding application fee)
- 15-30 days in advance will receive a 50% refund (excluding application fee)
- Less than 14 days in advance will NOT receive a refund
- In the event of a weather-related cancellation by the user, the user must notify the Parks and Recreation Director within two (2) business days after the cancellation to confirm a credit or to arrange rescheduling. If the City is not notified within two (2) business days by the user that the event was cancelled due to inclement weather, the user will be billed as if the event occurred.

H. MAINTENANCE

The City performs maintenance on a routine basis to ensure fields and facilities are in good repair. The City will determine the appropriate number of hours each field can be used per season. Permit users will not be able to use the fields more than the hours allowed. This will be based on the field's current condition and estimated intended City use throughout the year.

Infield dragging. Infield dragging is done during the week (Monday – Friday) according to the schedule as defined by the City. Fields are not dragged or striped on the weekend (Saturday and Sunday) or on holidays, unless the user has paid a tournament preparation fee.

If fields are too wet, fields will not be dragged with motorized equipment, the City will still chalk and hand rake to reduce low spots in the infield.

Lining and striping of fields. Lining and striping of fields shall be done during the week (Monday – Friday) according to the schedule as defined by the City. Fields are not lined or striped on the weekend (Saturday and Sunday) or on holidays, unless the user has paid a tournament preparation fee. A single field will not be lined with more than one field overlay per season, unless the City can accommodate it.

Foul lines will be painted in the outfield on all baseball fields during the season, but infield chalking will only be done at Harmon Park and the West St. Paul Sports Complex. Groups wanting to chalk fields themselves shall have received approval from the Parks and Recreation Director, prior to chalking.

Rink Flooding. Flooding of outdoor rinks will occur on an as needed basis, based on weather and rink conditions.

Clean up and disposing of waste. Users are expected to dispose of waste in proper trash and recycling receptacles. The City of West St. Paul prides itself on being a clean and green community, and renters are asked to recycle as much of their waste as possible.

I. INSURANCE

The permit holder agrees to indemnify and hold harmless the City from any and all claims, actions, damages, losses and expenses, including reasonable attorney fees, arising out of the use of the facility by the permit holder and its members, guests and agents. Field and facility users must provide insurance coverage throughout the period of use naming the City of West St. Paul as “additional insured”.

Permit holders will be required to provide proof of general liability insurance coverage at a minimum amount of \$2,000,000 for property damage and bodily injury. Proof of insurance via a Certificate of Insurance must be provided at least 14 days prior to the first date of play or special event.

J. CONCESSION SALES

No organization or person shall sell or offer any product, food or service for sale without the prior written approval of the City. The sale of beer or other alcoholic beverages is only allowed with a City permit. Requests which include the use of food trucks will be considered on a case-by-case basis. Requests must be made at least 14 days in advance of the event.

Groups wanting to use concession stands or offer food or beverages for sale will need to obtain the appropriate permits and/or licenses from the County or State and have said permits or licenses during the entire time of the event. A copy of the approved permit must be submitted to the City in order to obtain keys to the concession stand.

K. ATHLETIC SPECIAL EVENTS

Athletic special events are activities on City property that include, but are not limited to, tournaments, clinics, camps, or any other activity other than regular season practices, games and evaluations.

Permits. Special events require a separate permit and should be requested outside of regular season play permits. Permit requests for special events will be accepted from user groups during the permit application timeframe identified in Section B of this policy.

Special Event Contact and Information. Users must have an appointed tournament director/event manager on site, who can be contacted by City staff.

Users will supply the Parks and Recreation Department with a schedule of games. Games shall not start before 8:00 am on any day of a tournament and may not be scheduled to start later than 6:30pm. If users want to schedule games at different times than allowed, the user must receive approval from the Parks and Recreation Director.

Users must include in the application if spectators will be charged admission. Advertisement banners or signs may not be placed at any facility without permission from the Parks and Recreation Director.

Special Event Fees. The City may charge application and special event use fees in order to recover public costs to operate, maintain, repair, improve and administer the use of City fields. For each application submitted, an application fee shall be assessed. Special Event use fees shall be approved by the City Council and included in the City's Fee Schedule. Use fees are subject to change at the discretion of the City Council.

The City reserves the right to waive field use and preparation fees and concession stand fees for "in-house" tournaments hosted by users recognized in priority group three (3). For purposes of this provision, "in-house" shall be defined as tournament style play where games are played between competing teams all from within the same organization. Special event fees including field and concession fees for invitational tournaments shall be charged.

All users who receive a permit for exclusive use of a field must pay the appropriate fee per the City fee schedule. The City will bill and payment shall be made prior to the event. Payments can be made by cash, check or credit/debit card.

In the event of weather-related cancellations by the permit holder, the permit holder will be billed unless the permit holder contacts the Parks and Recreation Director within two (2) business days after a weather-related cancellation to confirm a credit or to arrange rescheduling.

Field Preparation, Maintenance and Clean-Up. Fields will not be prepped throughout the tournament day. Maintenance staff will prep the fields before the first scheduled game(s) of the day. Users may not modify or alter City field in any way. The City will not provide equipment for groups to prep fields on their own throughout the tournament.

All users of City park fields and facilities are expected to leave the area(s) in the same or better

condition than which it was found. Users will be responsible for picking up all trash at the end of each day's events. Users who fail to clean up may be charged by the City for excessive clean up. It is the responsibility of the permit holder to make sure areas are cleaned up.

Facility Capacity. Users must provide the number of teams and estimated number of playing participants. Due to space limitations regarding parking and spectator capacity, the City has the right to decrease the number of games in order to comply with the facility's size.

Users are responsible for maintaining management over the conduct of participants and spectators while using fields and facilities. Tournament hosts will be responsible for traffic and parking control and adhere to all City parking regulations. Parking is allowed only in designated areas. No vehicles are allowed on City fields, sidewalks or paths.

Users are responsible for the coordination and rental of any additional portable restrooms and/or hand washing stations that are needed in order to accommodate special events and shall be coordinated in conjunction with the Parks and Recreation Director.

L. CITY CONTACT

All communication with the Parks and Recreation Director must be made through the spokesperson of the group. Athletic associations, clubs and leagues must choose one person who will be the City's main contact. This eliminates confusion and establishes direct, efficient communication.

Users should report any facility damage, accidents, dangerous or unsafe conditions to the City of West St. Paul Parks and Recreation Director:

Phone: 651-552-4152

(During regular business hours: Monday – Friday 8:00 am to 4:30 pm)

Weekend/After Hours Phone: 651-707-2451

Email: dschletty@wspmn.gov

(Email is checked Monday-Friday during regular business hours)

M. DELEGATION OF AUTHORITY

The City Manager or Public Works Director is authorized to make amendments and changes to this policy for the efficient and timely coordination and allocation of City athletic fields and facilities. Amendments or changes which are deemed to be substantial will be approved by the City Council.

Garlough Disc Golf Potential Realignment & Additions - Draft v1
