Reconcile what are the guiding documents for WSP's future and use those documents to achieve a shared vision, order priorities, and provide generational accountability.

How did you become interested in serving on a committee?*

I like to bike to work and go to the parks with my children. Soon after moving into the community in 2016 I noticed it was difficult to bike safely and there were no basketball hoops near me in my local parks. I was also challenged to step up and participate when I shared my frustration about a group of councilmen colluding to fire the former city manager at the taxpayers expense.

In other cities, I have served within local political party organizations as precinct chair / vice-chair / secretary, where I engaged in some Robert's Rules-driven floor fights. More recently, I served two years as statewide secretary of a very marginal political party managed to collect about 700 votes statewide in 2016. In the latter capacity, I played a key role in drafting the party's bylaws. The relationship between organizational rules and the people those rules serve (and shape) fascinates me, and, since I no longer have a home in any Minnesota political party, I'd like to contribute in other ways.

List two or three goals that you would like to see accomplished during your term on a commission.*

Electoral reform seems to be on the Charter Commission's brain right now. That's something I would very much like to see happen, but with care taken to ensure that we are adopting the *best* elections process, not simply a faddish one. I'm very interested in the idea of equitable taxation and exercise of power. The City Council and Charter Commission have recently been thinking a lot about equity when it comes to assessments (esp. sidewalk assessments), and that's been great. I think there's room to consider whether the City's zoning and general-fund revenue authorities are also based on fair and impartial principles -- although the Charter currently has very little to say about the former.

How did you become interested in serving on a committee?*

I read the City Council minutes pretty religiously (or, at least, I did until the West St. Paul Reader started posting recaps) and noticed how important the committees are to municipal governance. A Facebook Neighbors group discussion of ranked-choice voting made me suspect I might have some value on the Charter Committee. (I'd be useless on several of the others.)
