Approve the attached resolution declaring items as surplus and authorize their sale at auction or disposal.

Background
There are items that the Police Department takes into custody in the course of criminal investigations that the rightful owner cannot be determined or located. There are also instances that the owners do not want the items returned to them.

Additionally, the City obtains items to be utilized in day to day operations and those items become obsolete and/or old and are no longer useful.

Some items in the attached list have value and will be going to public auction. Other items have very limited or no value at all and will be disposed of accordingly.
