Action
Approve Agreement with Bolton & Menk for Planning of Ice Arena Parking Lot Reconstruction Project

Background
The City has budgeted to reconstruct the Ice Arena parking lot in or before the summer of 2025. The reconstruction will include expansion of the parking lot to meet the parking stall requirements, which increased due to the proposed building addition in 2022. Besides additional parking, the reconstruction will include new relocated lighting, curb & gutter, trees & landscaping and overall better flow through the space. Staff is recommending approval of the agreement with Bolton & Menk to assist with the design and implementation of the project.
