Action	
Approve the attached resolution approving authorization for the city manager to execute certain easements for the Oakdale and Thompson Trail and Sidewalk projects.	
Background	
Easement acquisition has begun for the trail and sidewalk projects on Oakdale and Thompson. Council has previously approved a budget for the acquisition of said easements. In order to make the process flow more smoothly, and to execute the easements and payments in a timely manner, staff is requesting that the Council authorize the City Manager to approve easement acquisition and authorize payments provided those easements are within the City Manager's spending authority.
