Action	
Award Bid for the New Marthaler Park Playground	
Background	
<p>The renovation project for Marthaler Park includes adding a new playground. Staff solicited playground options from multiple vendors and presented the options to the Parks and Recreation Advisory Committee (PRAC) at their December 2022 meeting. Members narrowed the designs down to their top three and directed staff to seek input from multiple youth groups. The results of the kids input sessions were presented to PRAC at the January meeting, where the group approved moving forward with the design from Northland Recreation. Members asked about color options as well as possible modifications. Staff presented some additional information at the February meeting and the PRAC confirmed recommending approval of the playground design by Northland Recreation. The playground is being purchased directly by the City using a cooperative purchasing agreement through Sourcewell. The \$175,000 cost was the budgeted amount for the project and includes all equipment, installation, and wood fiber surface. Installation will occur towards the end of the renovation project in the Fall of 2023 or Spring of 2024.</p>
